Dear Russ,

Sorry not to have been able to acknowledge your 1/14 letterwith enclosures on Thomas Vallee sooner. Was in N.O., court and have written a book-length analysis of the new material on the autopsy since then.

No time now. Must re turn to ms and have finished coupe days to be ready for coming court action.

Your silence makes me believe you found Butler a very slippery guy. Unless there is an impartial moderator, with a man as unconcerned by fact and reality it is difficult. He believes each lies as fast as he contrives it.

If you hear from Dick Bernabei, Queen's College, Kingston, Ontario, he has some Malcolm interest.

Again, thanks.

Best regards to both,

Harold Weisberg
